# Alison Clancy

Alison Clancy is an artist in pursuit of beauty and catharsis. She crosses between many creative modalities, but most of her days start with ballet and end with electric guitar. Clancy directs experimental projects bridging between the worlds of dance, music, film, photography, installation and somatic study. She works with eclectically beautiful collaborators to create otherworldly environments:

lost intersections where we search for ourselves in the shadows. Clancy is a Principal Dance Soloist with The Metropolitan Opera and company member of Zvi Dance. She gained notoriety as a wild front woman for several bands haunting underground NYC scenes and her cinematic songs underscore film and theater.

Now, Catherine is doing podcast show with Wildchild magazine, called Trippy teen podcast, she also going to be in future web series The enforceteen, and of course we can't wait for her new musics and songs! She had wrote her own songs like Change is a Choice/ Never Let it go/ I'm gonna

We can't wait to see what she will share to us in future!

Catherine said it had always been her dream to become a successful influencer, whether as Singer/Acotor/of just using her social media platform which her started as years ago.

"So many influencers/ Acotors and singers has inspired me, like Selena Gomez Zendaya Olivia Rodrigo and more...lots of amazing songs has cheered me up when I'm down, tons of amazing movies and film has always make me laugh through my day also so many inspiring post and quotes have those influencers shared on social medias and make my day. I want to be just like them, be a influencer can make people's day, writing songs can cheers people up and try my best to present my characters. That's my definition for "successful influencer" and If I can make people's day cheers them up, than I think, I'm one step closer to my dream.

What's the most challenging things right now for you?

C: Whenever I receive hates. When I start to use social medias and try to share my ideas or my works, I always got hates in dm or people will telling me I can't make it (not my family tho, they always been super supportive). I used to take the hates seriously and it really affected to my mental health, but I try to ignore those, and keep focusing on people who love me and supporting me, which I'm so grateful for everyone who supporting me and I love them so much. I also takes time to focusing on myself, it's hard and challenging for a 14-year-old, but I'm learning it, and my family have helping me a lot, so I think facing hates is the most difficult things. And as I always told myself, believing in yourself, you are beautiful and don't listen to others, if you know this is what you love.
